NEW YORK, APRIL 1990: A PHOTOGRAPHIC RECORD

Aquestes fotografies de Nova York i de Boston, totes en blanc i negre, es van fer en abril del 1990, amb una cambra rèflex Asahi Pentax Spotmatic II amb objectiu de 50 mm, tot fent servir negatius Kodak Safety Film 5063. El Museu de la Universitat d'Alacant en conserva una col·lecció completa; vuitanta-set còpies fotogràfiques de 32 x 24 cm amb tintes Ultrachrome sobre paper Ilford Gold Fibre Silk de 310 gr/m² realitzades al "Estudio Paco Mora" de València l'any 2015, amb digitalització prèvia a partir dels negatius originals mitjançant un escàner Haselblad Flextight X 1 a una resolució de 3.200 punts per polzada.

These photographs of New York and Boston, were all taken in black and white in April 1990. The equipment used was an Asahi Pentax Spotmatic II reflex camera with a 50 mm lens, and the film used was Kodak Safety Film 5063. The Alicante University Museum keeps a full collection: eighty-seven photographic copies of 32 x 24 cm in Ultrachrome ink on Ilford Gold Fibre Silk paper of 310 gr/m² made at "Estudio Paco Mora" in Valencia in 2015, by means of digitalization of the original negatives using a Haselblad Flextight X 1 scanner at a resolution of 3,200 points per inch.
